

I L L I N O I SPat Quinn, GovernorDEPARTMENT OF CENTRAL MANAGEMENT SERVICESSimone McNeil, Acting Director

December 31, 2014

The Honorable Michael J. Madigan Speaker of the House of Representatives Capitol Building Room 300 Springfield, IL 62706-1150

Dear Speaker Madigan:

The Personnel Code, at 20 ILCS 415/9(6), requires that the Department of Central Management Services (CMS) conduct an annual assessment of all agencies regarding their need for employees with bilingual capabilities to serve significant numbers of non-English speaking or culturally distinct persons. Furthermore, to increase the diversity of the state's workforce, the State Hispanic Employment Plan, enacted in 2006, calls for each state agency to include in its annual report its activities in implementing the State Hispanic Employment Plan.

To comply with these mandates, we have surveyed the personnel offices of state agencies under the jurisdiction of the Personnel Code regarding their work with non-English speaking or culturally distinct persons who require the assistance of an employee with bilingual skills to benefit fully from the services available. Staff at state agencies provided bilingual services in 406,796 instances, as compared to 340,154 instances in 2013, which represents a significant increase in services provided to non-English speaking individuals. Thirty-three agencies reported a need for bilingual services. Based on this survey, the number of state employees receiving the bilingual pay supplement for language skills, other than manual communication skills or Braille transcription skills, in a language other than English is: 1,241 Hispanic; 130 Non-Hispanic. The total number of state employees paid for bilingual skills from 2013. There were 16 agencies that used telephone interpreters available from a master contract.

As a way of supplementing the diversity recruitment needs of each state agency, CMS works with the personnel staff at all state agencies to review specific areas of underutilization and identify recruitment strategies for various occupational areas. Establishing positions with multilingual options and incorporating multilingual skills into existing positions are valuable tools in improving access to state services for communities with significant culturally distinct populations and groups with special communication requirements.

The Honorable Michael J. Madigan Page 2

Additionally, CMS incorporates underutilization data provided by the Department of Human Rights into the open competitive eligible lists to further assist agencies in building a diverse workforce.

We have enclosed the survey results as reported by each agency. We hope this information is useful to you. If the Department of Central Management Services, Division of Statewide Services, can be of further assistance, please contact Carlos Charneco at 312/814-0922.

Sincerely,

Timore The Vee

Simone McNeil Acting Director

| | What methods does the agency employ to determine the number of bilingual positions of all |
| | types needed to render effective service to its clients? |
| Aging | The Illinois Department on Aging provides direct services to older adults and persons with disabilities through the toll-free Senior Health and the Senior Health Insurance Program (SHIP) which mobilizes a volunteer network to provide outreach and sounseling to Medicare beneficiaries. Specifically, the Senior Helpline tracks the number of Limited English Proficient (LEP) individuals needing assistance. To date, the majority of LEP callers require assistance in Spanish. The Department has increased to the number of Spanish speaking bilingual staff to ensure we accommodate client needs. We monitor calls on an on-going basis to evaluate if we need to hire staff that speaks additional languages such as Polish and Chinese. However, the number of calls has not justified such a need. When we do receive a call from a client needing assistance in a language other than English or Spanish we have access to the Proprio language service. In addition, the Department contracts with several social services agencies serving specific language needs through the Community Care Program that we can reach out to for assistance. With regard to SHIP, we have Spanish speaking staff that includes more than 700 counselors at approximately 250 sites throughout Illinois. The SHIP program volunteer network includes certified counselors that speak several languages including Spanish, Korean, Polish, Chinese and Russian. These counselors in the field are available to assist Medicare |
| Arts Council | beneficiaries if needed in their native languages. Judgement is made by the Agency based on the number of grant applications and phone inquiries received each year. In addition, by the number of grants submitted to the Agency receiving technical assistance pertaining to their own grant applications. The Illinois Arts Council Agency is very small and has utilized the language translation a handful of times. There is no |

| Illinois Commerce Commission | There have been no requests for services in languages other than English and Spanish in FY2014. In determining the number of Spanish positions needed, the Consumer Services Division reviews the number of calls taken and handled in Spanish. In FY2013, 721 calls were offered to counselors in Spanish, but we were only sufficiently staffed to handle 497 of these requests, for a 31.1% failure rate. There are daily unavoidable gaps in phone coverage due to our low staffing level. We have determined that we need an additional Spanish speaking counselor. | |
