March 29, 2013

The Honorable John Cullerton  
President of the Senate  
Illinois State Senate  
327 Capitol Building  
Springfield, Illinois 6706

Dear President Cullerton:

The State Services Assurance Act, Public Act 95-707, passed in November 2008 and requires each state agency to report annually to the General Assembly their staffing level of bilingual employees.

Attached please find the report of bilingual employees currently employed by the Department of Central Management Services. Establishing positions with multilingual options and incorporating multilingual skills into existing positions enables our agency to provide better services more efficiently to the public.

Should you have any questions or need any additional information, please contact Cory Foster, CMS Bureau of Personnel, Division of Statewide Services, at 312/814-2364.

Sincerely,

Malcolm E. Weems  
Director
