

December 19, 2017

The Honorable Bruce Rauner
Governor of the State of Illinois
207 State House
Springfield, IL 62706

Dear Governor Rauner:

I am pleased to present this report to you on the achievements of the State Use Program for Fiscal Year 2017 and its positive impact on the lives of our citizens with significant disabilities.

In Fiscal Year 2017, the State Use Program accounted for more than \$66 million (up from \$61 million in FY16) in contracts between Not-For-Profit Workshops and state agencies for products and services. The program helped provide training, employment and greater independence for 2,079 disabled individuals and supplied them with 958,639 hours of work.

With continued support of this program, the number of disabled individuals with long-term employment and increased economic stability will grow, minimizing their need for public assistance and entitlement benefits.

The State Use Program is truly a WIN-WIN investment for the State of Illinois – providing job opportunities and greater independence for its disabled citizens while benefiting state agencies with quality goods and services at fair market prices.

Sincerely,

A handwritten signature in black ink, appearing to read "M. M. Hoffman", is written over a horizontal line.

Michael M. Hoffman
Acting Director

ILLINOIS STATE USE PROGRAM FY2017 ANNUAL REPORT

CMS
Illinois Department of
Central Management Services

THE STATE USE PROGRAM

FY17 ANNUAL REPORT

S T A T E O F I L L I N O I S

THE STATE USE PROGRAM was created in 1983 when the Illinois Purchasing Act was amended to allow the State to contract with a qualified Not-For-Profit Workshop (NFP) without going through a competitive bidding process. The NFPs are centers that help significantly disabled individuals find employment.

The State Use Coordinator researches NFPs contracting opportunities with state agencies and universities. This ultimately provides job training for individuals who are unable to work in the competitive job market.

Contract requests are independently reviewed, evaluated and approved by the State Use Committee to ensure the best quality and pricing available.

The Illinois Procurement Code was changed in FY10 to increase the State Use Committee from six to eight members. Additionally, a Five Year Plan was developed to increase the number of products and services offered by the NFPs.

The Department of Central Management Services (CMS) contracts with NFPs for a variety of products and services that can be used by all state agencies. For example, Shelby County Community Services (SCCS) provides trash can liners on a statewide basis. SCCS manufactures the trash can liners by processing resin pellets to create the final product. NFPs also provide many other products such as soap, pillows, corrugated boxes, license plates and paper plates.

In this picture, Grace is "shredding hard drives" to make sure information on all State of Illinois hard drives is destroyed. Clay County Rehabilitation Center is big on protecting security!

Services provided by NFPs include, but are not limited to: call centers, janitorial services, imaging and scanning.

P L A N U P D A T E

Effective August 18, 2017, Public Act 100-0203 changed the requirement for a Five Year Plan to a Three Year Plan. The previous Five Year Plan included increasing the hours of work opportunities for persons with disabilities by 20% during the last five years. The Plan stated the State Use Program would benefit from assistance from various governmental agencies in alignment with the Governor's goal for economic growth by expanding jobs for people with disabilities. The Plan recommended legislation that would set a percentage for state agency procurement of goods and services to be achieved through the utilization of State Use Vendors. The Business Enterprise Program (BEP) is an example of such a program which encourages movement toward utilizing minority, female and disabled-owned businesses.

Within the Three Year Plan, the State Use Committee will survey the NFPs to measure integrated work sites. The Committee will also survey the NFPs annually for hourly wage information.

R A P I D R E S U L T S

The State Use Program staff initiated a Rapid Results project in order to evaluate the current workflows and identify areas of improvement to make it easier and more efficient not only for the staff, but for the NFPs and state agencies. The project was divided into three phases evaluating every process involved in the State Use Program goods and services contracts. Ultimately these projects seek to realize less paperwork, faster information, centralized applications, standardized forms and e-procurement integration.

THE STATE USE COMMITTEE

The State Use Committee was created to monitor the purchase of products and services from the Not For Profit (NFP) Workshops. The Committee consists of:

State Use Committee Members

Michael Hoffman, Chairman
Tracy Rutter, Designee
 Central Management Services

James T. Dimas, Secretary
Tania Morawiec, Designee
 Department of Human Services

Chris Dickey
 Public Member
 Clay County Rehabilitation Center

Richard W. Gloede
 Public Member
 Shelby County Community Services

George Indelli
 Public Member
 Tri Industries

Daniel Strick
 Public Member
 New Star Services

Skylar Tierney
 Public Member
 The Hope School, Springfield

- Director of the Department of Central Management Services
- Secretary of the Department of Human Services
- One public member representing private business who is knowledgeable of the employment needs and concerns of persons with developmental disabilities
- One public member representing private business who is knowledgeable of the needs and concerns of rehabilitation facilities
- One public member who is knowledgeable of the employment needs and concerns of persons with developmental disabilities
- One public member who is knowledgeable of the needs and concerns of rehabilitation facilities
- Two public members from a statewide association that represents community-based rehabilitation facilities

The six public members are appointed by the Governor.

The Committee meets at least quarterly to review proposed contracts, to develop guidelines to be followed by qualified NFPs, and to assist the State Use Coordinator in the development of policy. Upon Committee approval, state agencies are given the authority to proceed with contracts that are exempt from the bidding process.

The Committee has the following responsibilities to ensure its annual objectives are met:

- Request information from state agencies regarding product specifications and service requirements necessary to meet their needs.
- Meet quarterly or more often, as necessary, to carry out the Committee's purpose.
- Request a quarterly report from each participating NFP, which describes the volume of sales of each product or service.
- Prepare a publication listing all the supplies and services available from qualified NFPs and distribute the list to all state and agency purchasing officers.
- Review all contract requests submitted under the provisions of the Act and reject any such bid for any purchase that is determined to be substantially more than the purchase would have cost had it been competitively bid.

The Committee's ultimate goal is to continue to increase the opportunities for gainful employment and economic independence for disabled citizens in Illinois.

B E N E F I T S O F T H E P R O G R A M

In FY 2017, 49 NFPs were awarded a total of 267 contracts with state agencies through the State Use Program, employing 2,079 disabled individuals.

This program provides individuals with disabilities significant benefits by providing long-term, transferable work experience and marketable job skill training, increasing their independence and ability to be self sufficient. By expanding their scope of experience and enhancing their abilities, some disabled employees are able to take on new assignments at increasingly higher levels of difficulty, preparing them for a wider variety of jobs either within or outside of the Rehabilitation Facility.

The State of Illinois benefits by receiving high-quality goods and services for fair market prices in long-term contracts. The State has reduced administrative costs as well through State Use contracts, as the competitive bidding process is not required by qualified NFPs.

Providing disabled citizens with opportunities for economic independence helps to reduce the need for public assistance and entitlement benefits.

NOT FOR PROFIT (NFP) WORKSHOPS

To qualify in the State Use Program, a NFP must meet the following guidelines:

- Comply with Illinois law governing private NFP organizations.
- Be certified as a sheltered workshop by the Wage and Hour Division of the U.S. Department of Labor under section 14(c) of the Fair Labor Standards Act.

OR

Be an accredited vocational program that provides transition services to youth between the ages of 14 ½ and 22 in accordance with individualized education plans under Section 14-8.03 of the School Code **AND** provide residential services at a child care institution, as defined under Section 2.06 of the Child Care Act of 1969, or at a group home, as defined under Section 2.16 of the Child Care Act of 1969.

- Meet the Illinois Department Human Services (DHS) Rehabilitation Services' Minimum Standards for Certification of Developmental Training Programs, or possess a Commission on Accreditation of the Rehabilitation Facilities (CARF) certification.
- Meet the bid specifications or the needs of the purchasing agency.
- Set a fair market price.

Any state agency wishing to establish a contract with a qualified NFP must submit a written request which includes the NFP’s name, type of contract desired, duration of the contract, and the contract’s dollar amount to the State Use Program Coordinator. In addition, the request must include justification that the price is not substantially more than had it been competitively bid. After review, it is submitted to the State Use Committee for approval. The contracting NFP must provide a Certificate of Assurance detailing how many clients will be working as a result of the contract. A narrative must be included in the Certificate of Assurance that outlines the tasks that will be performed in the contract. After State Use Committee’s approval of the written request, the state agency receives an authorization letter to proceed with the contract. All State Use contracts are exempt from the formal solicitation process.
