

FY-2021 State Use Program Annual Report

July 1, 2020 – June 30, 2021

This report details the total number of contracts approved by the State Use Committee including the overall value and number of disabled persons obtaining employment as a result of the contracts.

In accordance with 30 ILCS 500/45-35, the Illinois Department of Central Management Services submits the following report to The Honorable Governor Pritzker.

Janel L. Forde
Director

State Use Program Annual Report 2021

Overview of the Act

Pursuant to 30 ILCS 500/45-35 supplies or services may be procured without advertising or calling for bids from any qualified not-for-profit agency for persons with significant disabilities. To be eligible for qualification, not-for-profit organizations must be certified as a work center by the wage and hour division of the United States Department of Labor as an accredited vocational program and they must also be accredited by a nationally recognized accrediting organization or certified as a developmental training provider by the Department of Human Services.

State Use Program Annual Report

In Fiscal Year 2021, the State Use Program accounted for more than \$69 million in contracts between Not-for-profit agencies for persons with significant disabilities and state agencies for various products and services. The program helped provide training, employment and greater independence for approximately 1,404 disabled individuals and supplied them with 748,821 hours of work.

State Use Program Changes

On October 4, 2021, Governor Pritzker issued Executive Order 2021-26 that required all State Use Program vendors and their subcontractors to pay no less than the applicable local or Illinois minimum wage, whichever is higher, to all employees performing work on a State Use contract.

As a result of this Order, all new State Use Program contracts presented to the State Use Committee for approval will include a specification requiring compliance with the Order. The Order also granted covered State Agencies price adjustment authority to achieve compliance for existing contracts where workers were currently paid subminimum wages. Such contracts were amended to increase wages to at or above the applicable local or Illinois minimum wage or resolicited as necessary. CMS coordinated with the State Use Committee and relevant agencies to ensure State Use Program contracts were consistent with the Order and will continue to be consistent for all future contracts.

Committee Membership

Ron Wilson – Chairman, Department of Central Management Services designee

Melissa Norman – Member, Illinois Network of CILs

Upcoming Meeting Schedule

March 9, 2022	June 8, 2022
September 7, 2022	December 7, 2022

Procurement Procedures

State Use contracts are exempt from the competitive solicitation process. Any State agency wishing to establish a contract with a qualified State Use vendor must submit a State Use Request Letter to the State Use Coordinator minimally two weeks prior to the next scheduled Committee meeting. The Request Letter includes the vendor’s name, duration including renewals and value of the contract, as well as a description of the goods or services to be provided. Upon request by the Coordinator, the proposed contracting vendor must provide a Certificate of Assurance (COA), which includes a narrative outlining the specifics of the contract and the number of persons with disabilities that could be provided employment. The Request Letter and COA are presented to the State Use Committee for review. If the proposed contract is approved by the Committee, the State agency receives an Authorization Letter from the Coordinator to proceed with the contract approval process.
