Important Questions	Answers	Why This Matters:
What is the overall deductible?	$0	See the Common Medical Events chart below for your costs for services this plan covers.
Are there services covered before you meet your deductible?	No.	
Are there other deductibles for specific services?	Yes; $175 Prescription Drugs per Individual.	You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services.
What is the out-of-pocket limit for this plan?	$3,000 Individual/ $6,000 Family	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of- pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums, healthcare this plan does not cover.	Even though you pay these expenses, they don't count toward the out–of–pocket limit.

Will you pay less if you use a network provider?	Yes. See: **www.healthalliance.org/stateofillinois** or call 1-800-851-3379 for a list of Participating (In-network) providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing).
Do you need a referral to see a specialist?	Yes, this plan may require referrals to in-network specialists.	This plan will pay some or all of the costs to see a specialist for covered services but only if you have a referral before you see the specialist.

All copayment and coinsurance costs shown in this chart are after your deductible has been met, if a deductible applies.
