- 1 slice blood orange
- 1 slice sumo mandarin
- 1 slice lemon
- 1 slice lime
- 1/4 cup blueberries
- 12 oz of water

## Directions:

1. To begin, wash all fresh ingredients.
2. Next, using a sharp knife, slice up the blood orange, sumo mandarin, lemon, and lime into thin slices.
3. Once you've finished slicing the citrus fruits, place them and the blueberries into a 16 oz. glass or water bottle.
4. Fill the glass with cool water and let mixture infuse for 2-4 hours, or cover and place in fridge overnight for full flavor.
5. Once the water is fully infused, remove fruit and enjoy.
