HMO Benefits

Health Maintenance Organization (HMO) members are required to stay within the health plan provider network. No out-of-network services are available, other than listed below. Members will need to select a primary care physician (PCP) from a network of participating providers. The PCP will direct all healthcare services and make referrals to specialists and hospitalization. Benefits are outlined in each plan's Summary Plan Document (SPD). It is the member's responsibility to know and follow the specific requirements of the HMO plan selected. For a copy of the SPD, contact the plan administrator.
