

# Open Access Plan (OAP) Benefits

Open Access Plan (OAP) members will have three tiers of providers from which to choose to obtain services.

- **Tier I** offers a managed care network which provides enhanced benefits and operates like an HMO.
- **Tier II** offers an expanded network of providers and is a hybrid plan operating similar to an HMO and PPO.
- **Tier III** covers all providers which are not in the managed care networks of Tiers I or II (out-of-network providers). Benefits are outlined in the plan's Summary Plan Document (SPD). It is the member's responsibility to know and follow the specific requirements of the OAP. For a copy of the SPD, contact the plan administrator (see page 8).
