Discussions regarding IDOTS practice of only hiring veterans for Highway Maintainers and not considering non veterans after exhausting the veteran list.

African American Employment Plan Online Survey

The survey was launched on December 3, 2014. The survey results anticipated to be completed by December 15, 2014. The survey included questions about hiring of veterans and minority veterans, training of Human Resource staff on recruiting and employees enrollment in tuition reimbursement programs.

African American Employment Plan Council objectives were discussed for 2014 and 2015. The objectives for 2015 will remain the same from 2014.

The summary report will need recommendations from the Council. Hispanic and Asian American Employment Plan Council are likely to recommend uniformity in random selection of qualified candidates that insures minority candidates are not disproportionately excluded from invitations to interview. Council agreed this should be one of the recommendations.

Hispanic Employment Plan Advisory Council raised concerns about length of time applicants wait to receive grades from Central Management Services Examining unit and intends to recommend CMS to improve timeliness of grading process. In general

applicants are waiting at least 2 months for grades for non-tested titles. Council agreed this should also be recommended by this Council.

Council members agreed to review the minutes from 2014 meetings for additional recommendations.
