

AFFIRMATIVE ATTENDANCE POLICY

1. The Employer recognizes that personal problems may affect employee attendance and encourages utilization of the Personal Support Program.
2. Unauthorized absences shall be those absences for which time is not approved. The threshold between late arrival and unauthorized absence is one hour after the starting time. Although tardiness is not considered an unauthorized absence under this agreement, employees are expected to report to work on time each day as scheduled. Any negotiated tardiness policies shall remain in full force and effect during the life of the Master Agreement unless otherwise negotiated by the parties.

Where current practices exist, any unauthorized absence which is less than a ½ day will be treated under Article IX of the Master Contract as misuse of time inclusive of all other time related infractions (including late arrival, extended breaks and lunch hours, leaving work without authorization, etc.) as one progressive and corrective disciplinary track. However, such absences shall not be subject to #8 of this agreement.

3. Authorized dock time shall be granted when sick time has been exhausted if proper medical certification is provided within three (3) work days. It is the employee's responsibility to provide medical certification to their supervisor. Documents that do not contain the necessary elements will not be accepted and the employee will be so notified. The absences shall be considered unauthorized if acceptable certification is not subsequently provided within five (5) work days.

Proper medical certification must contain the following elements:

- a) Signature, address, and phone number of the medical practitioner (or the authorized designee);
- b) The pertinent dates in question of the illness or injury;
- c) An Indication that the employee was unable to work on the date(s) in question for the reasons of personal or family illness;
- d) The original medical statement; if the employee needs a copy management will provide.

Notwithstanding the above, the Employer may accept an electronically generated statement with an electronic signature or a facsimile with cover page, as long as the necessary information is provided as set forth in 3(a), (b), (c) and (d).

Vacation, holiday, compensatory and personal business time shall be requested in advance, except in emergency situations and as set forth in Paragraph #5. If no personal business, vacation, holiday or compensatory time is available, authorized dock time shall be approved for emergency situations, subject to verification of the emergency situation.

4. Authorized dock time under these circumstances is limited to five (5) days within a twelve (12) month period, unless approval for more time is granted by the authorizing supervisor. Employees who have used all allowable authorized dock time shall be informed of their

right to apply for an appropriate leave of absence. Employees who have been on proof status within the previous three (3) months shall have no right to authorized dock time.

5. All employees' requests for benefit time usage must be supported by a request for time off form submitted by the employee. In accordance with agency practice, requests for available benefit time other than unscheduled sick leave, emergency personal business and inclement weather situations, shall be made reasonably in advance, in writing, using the proper form. Consideration of such requests shall be in accordance with the Master Agreement.

Where current practices exist, same day call-in requests for vacation, compensatory, and holiday time shall be made only when it is not possible to request such time in advance and in writing using the appropriate form. When an employee is claiming that it is not possible to request the vacation, compensatory or holiday time reasonably in advance in writing, the Employer has the right to inquire as to why it was not possible, although such inquiry may only be made when reasonable grounds exist to suggest abuse. Same day call-in requests for vacation, compensatory or holiday time shall not be denied unless a bona fide operating need exists to do so. Under no circumstances will such request be denied solely because a request is called-in on the day requested. The form must be provided to the supervisor no later than two (2) of the employee's workdays after the employee's return from the absence.

Supervisors must ensure that the form is readily available to the employee. Failure of the employee to provide this form may result in the absence being considered unauthorized, and the employee may be docked and disciplinary referral may be initiated. If the employee subsequently submits the form within two (2) of the employee's workdays after notification of being docked, the determination of an unauthorized absence shall be corrected.

6. Supervisors must process all completed forms generated from call-ins within five (5) calendar days of submission, either approving or disapproving the request.
7. As long as the employee meets the applicable Leave of Absence requirements, the Employer will approve leave for the time frame documented, including request for short-term leaves.

It is the employee's responsibility to provide proper medical certification to their supervisor. Documents that do not contain the necessary elements will not be accepted and the employee will be so notified. The absences shall be considered unauthorized if acceptable certification is not subsequently provided within five (5) workdays. Proper medical certification must contain the following elements:

- a. Signature, address, and phone number of the medical practitioner (or authorized designee)
- b. The pertinent date(s) in question of the illness or injury.
- c. An indication that the employee was unable to work on the date(s) in question for reasons of personal or family illness.
- d. The original medical statement must be submitted; if the employee needs a copy management will provide.

Notwithstanding the above, the Employer may accept an electronically generated statement with an electronic signature or a facsimile with cover page, as long as the necessary information is provided as set forth in 7(a), (b), (c) and (d).

8. Unauthorized absences shall be subject to the following corrective and progressive disciplinary action:

A.

Occurrence	Unauthorized absence with call-in
1 st	Counseling
2 nd	Oral reprimand
3 rd	Written reprimand
4 th	2 nd Written reprimand
5 th	1 day suspension
6 th	3 day suspension
7 th	5 day suspension
8 th	7 day suspension
9 th	10 day suspension
10 th	15 day suspension
11 th	20 day suspension
12 th	Discharge

- B. Each day of unauthorized absence shall be considered a separate offense for the purposes of progressive discipline.

- C. Each day of unauthorized absence without a call-in shall be considered as two offenses, and appropriate progressive discipline shall be administered pursuant to Paragraph 8.A. above.

Under this Affirmative Attendance Agreement, except for the last offense before discharge, no employee will serve any suspension time. Employees will be given the usual notice of a suspension but will be expected to report to work and lose no wages. An employee will only serve five (5) days of actual suspension time for the last offense prior to discharge.

- D. The parties agree that this section does not alter the provision in Article IX of the Master Agreement regarding discharge for five (5) consecutive days of unauthorized absence with no call-in (XA).

9. Discipline will be considered timely and progressive based on a rolling 24-month period. If the last disciplinary action is more than 24 months old, the progression will start over.
10. Employees not covered by an Affirmative Attendance Agreement prior to the effective date of this agreement shall be considered to have committed no offense. Employees, who have discipline under a prior Affirmative Attendance Policy, shall be placed on the closest step

of the discipline track for the same offense that does not represent an increase in the level of discipline.

11. The Employer recognizes that personal problems may affect the attendance of employees. Upon request by the local Union president or designee, employees will be afforded a joint Union/Management consultation at the last suspension prior to discharge. The purpose of such consultations will be to provide guidance and counseling to the employee as to the need for their services, the consequences of continued unauthorized absences, the ability of services for problems, specifically including PSP, which may be identified and the ability to request a leave of absence.

After training materials have been distributed to those Agencies previously not covered under an Affirmative Attendance Policy, the Employer will start the Affirmative Attendance Policy. Additionally, Agencies and the Union shall establish joint training program presentations in those Agencies previously not covered under an Affirmative Attendance Policy at the request of either party. In the event a training program is presented, the Employer will initiate the Affirmative Attendance Policy within one month upon completion of the presentation.

12. This agreement supersedes any other agreement(s) on this issue.

Such determination shall not be arbitrary or capricious.

Bargaining Unit Exclusion Procedure

The Process enumerated herein exists to allow the Employer and the Union to come to an agreement on changes in the excluded or included status of existing permanent positions, either filled or vacant, within titles covered by the bargaining unit. The parties intend to use this process to avoid litigation before the Illinois Labor Relations Board (ILRB) regarding changes in status of certain positions and regarding status of vacant positions the State is contemplating filling.

1. If the employer intends to exclude a vacant position from the Bargaining Unit, or the Union intends to include a previously excluded position in the Bargaining Unit, the moving party will notify the other party via fax or phone of its intent. The Employer/Union will provide information to the other party, such as the reason for the inclusion/exclusion, the affected Agency involved, the position number, the incumbent (if applicable), the job description, or any other documentation deemed relevant by the parties. The Employer/Union will respond, in writing, as to its position regarding the information within ten (10) working days.
2. If the parties reach an agreement regarding the inclusion or exclusion of a position, a joint unit clarification petition on that position will be filed with the ILRB. The parties shall operate as if the petition has been granted pending certification of the petition.
3. If the parties do not reach agreement and the issue is scheduled for hearing, the parties' representatives shall have further discussions to attempt to reach an agreement. If no agreement can be reached, the hearing will proceed as scheduled.
4. For "split titles" that existed as of September 22, 2004, the parties agreed to file joint petitions within 90 days of that date to amend the ILRB certifications so that all positions within said titles are included within the AFSCME bargaining units, with the exception of those positions specifically identified as excluded.
5. The Parties agree that those individual positions currently excluded from AFSCME bargaining units by existing labor board certifications shall continue to be excluded in the petitions referenced in paragraph four above. Both Parties reserve the right to seek labor board determination to resolve any remaining dispute over positions that are inappropriate for inclusion or exclusion.

COMMERCIAL DRIVER'S LICENSE

Employees may only be required to possess a commercial driver's license if it is required by the classification specification, or if it is a bona fide requirement in the job description. Employees whose position requires possession of a commercial driver's license or who the Employer requires to operate a vehicle requiring a commercial driver's license pursuant to the Commercial Motor Vehicle Safety Act shall be provided reasonable time off without loss of pay to participate in training the employee might need to prepare for passage of the commercial driver's test and to take the test itself. The Employer shall allow the use of an available truck or bus for the driving portion of the initial or renewal of a CDL license at the nearest testing facility to the employee's work site, with supervisory approval. Such use shall be only for an initial or renewal test and not as a result of a failed test.

The Employer shall also make available its vehicles to employees who shall be granted reasonable amounts of time without loss of pay to practice for the driving portion of the commercial driver's test.

Employees shall be permitted to continue employment in their position even if they have not passed the commercial driver's test as long as the law allows them to continue operating their assigned vehicle(s).

Employees who are not permitted by law to operate their assigned vehicle because of their failure to pass the commercial driver's exam shall be considered as subject to layoff for the purposes of exercising transfer or voluntary reduction rights pursuant to Article XX, Section 3j or 3k of the Master Agreement, but shall not be entitled to rights pursuant to Article XX, Section 3a through 3i.

Employees who are unable to exercise rights under Article XX, Section 3j or 3 k of the Master Agreement shall be terminated and entitled to recall, only if they possess the necessary driver's license, or to a position in which previously certified, for a period not to exceed two years.

CDL DRUG AND ALCOHOL TESTING

The parties agree in order to protect the safety of employees and the public, the workplace should be free from the risk posed by employees impaired by the abuse of alcohol and controlled substances. While the parties recognize that abuse of alcohol and controlled substances is a treatable illness, employees found to be impaired while on duty shall be subject to discipline.

Employees who, because of the requirements of their position, are required to possess a Commercial Driver's License (CDL), shall be subject to drug and alcohol testing according to the following:

Employees Bidding on Positions Requiring a CDL: An employee covered by the Master Contract who bids on position requiring a CDL shall be subject to the same drug testing procedures as employees currently in a position requiring a CDL. If such an employee tests positive, the employee shall be discharged.

Post-accident: Where the accident involved the loss of human life or the employee received a citation for a moving traffic violation arising from the accident.

Random: Annual testing of safety-sensitive employees for alcohol and controlled substances pursuant to the guidelines utilized by the Federal Department of Transportation.

Reasonable Suspicion: As provided in this Agreement.

Testing Procedures: All testing procedures shall meet no less than the minimum standards established under the U.S. Department of Transportation regulations.

Employee Notification: Employees subject to this Memorandum shall receive a copy of the Memorandum.

Reasonable Suspicion: Reasonable suspicion exists if specific objective facts and circumstances warrant rational inferences that a person may be under the influence of alcohol or a banned substance. Reasonable suspicion may be based upon among other matters:

- a. Observable phenomena such as direct observation of use or the physical symptoms of using or being under the influence of controlled substances such as, but not limited to: slurred speech, direct involvement in a serious accident, or disorientation.
- b. A pattern of abnormal conduct or erratic behavior.
- c. Information provided either by reliable and credible sources or which is independently corroborated.

Positive Test Results: All drug and alcohol test results will be reviewed and interpreted by a Medical Review Officer (MRO). If the laboratory reports a positive result to the MRO, the MRO will contact the employee and will interview the employee to determine if there is an alternative medical explanation for the drugs found in the employee's urine specimen. If the employee provides appropriate documentation and the MRO determines that it is legitimate medical use of the prohibited drug, the drug test result is reported as negative to the Employer. The employee will be required to sign a release of information in the event that a physician must be contacted for clarification or verification.

Nothing precludes an employee from seeking reimbursement costs for a test pursued by the employee which proves the employee was not positive as indicated in the original test.

Confidentiality of Records: Records concerning testing of employees will be maintained confidentially.

Refusal to Test: Refusal to submit to a test, attempts to tamper or adulterate the test, or positive results which cannot be justified will be considered a positive finding.

Discipline: If just cause is established as a result of the predisciplinary meeting, discipline for violations shall be discharge.

Employee Assistance Programs: The Employer and the Union fully support the employee assistance programs and encourage employees to seek the confidential services of AFSCME's PSP program. These programs play an important role by providing employees an opportunity to eliminate illegal drug use. Referral can be made to appropriate treatment and rehabilitative facilities who follow-up with individuals during their rehabilitation period to track their progress and encourage successful completion of the program.

For Arbitration hearings only, evidence of the discipline arising from the agreement shall be limited to: (1) the settlement agreement; (2) the grievance (if any); and (3) the charge, provided however, that pursuant to Article IX, § 6 (a) of the Master Agreement, the charge must be a clear and concise written statement of the reasons for the discipline.

Full consideration of the establishment, adjustment or discontinuation of flextime must be given to both elements of the equation. Such determinations must be made on a case-by-case basis in the light of the evidence which bears upon the issue. Should the evidence demonstrate that flextime interferes with the work requirements of the Employer, an employee is not entitled to flexible hours despite whatever compelling reasons an employee offers to obtain the benefit. On the other hand, where the designation of a flextime position does not conflict with the work requirements or operating needs of the Employer, the employee is entitled to a flexible hours schedule." Such programs may be maintained in which volunteers are doing bargaining unit work except when:

- a. a bargaining unit position normally performing such tasks is vacant within the appropriate organizational unit and there are sufficient unreserved funds in personal services available, or the Agency has legally determined that other funds are available that can be utilized to pay employee(s) in a vacant position.
- b. a bargaining unit employee qualified to perform such tasks is on layoff within the organizational unit and there are sufficient unreserved personal services funds available or the Agency has legally determined that other funds are available that can be utilized within such unit to pay employee(s).

If funds are not available and volunteers are utilized, in the following fiscal year the Agency shall make every effort to secure funds to fill the vacant position(s) and/or recall the laid off employees if it wishes to continue the utilization of said volunteers. The Agency will keep the Union informed of the efforts being made to secure funds to fill the vacant position(s) and/or recall the laid off employees.

However, by mutual agreement an agency and the Union may agree to a shorter time frame for eligibility subject to the approval of the Department of Central Management Services. Light duty assignments shall be subject to the following provisions:

10. The employee shall receive his/her base rate of pay and benefits consistent with his/her classification.
11. Current practices regarding an employee on light duty being counted or not counted as part of a staffing minimum shall continue.
12. Employees on light duty shall not be in an overtime rotation unit, shall not be mandated to work overtime, and shall not be permitted to volunteer for overtime assignments, unless mutually agreed otherwise at the agency level.
13. The Union may initiate an expedited grievance at the Agency level over any violation of this policy.
14. In no case shall an employee be placed in an area that will pose health or safety risks to the employee or other staff.
15. If an employee is assigned a task beyond the limitations set by the treating physician, the employee shall have the right to refuse such task.

However, no employee shall be removed from light duty in order to give priority to an employee with a service connected illness or injury.
18. Employees do not waive any rights to Worker's Compensation benefits by participating in the program.

Mandatory Overtime Memorandum of Understanding DOC, DJJ, DHS and DVA Facilities

The parties agree that mandatory overtime should be the exception and not the norm of State operations and that employees shall not be disciplined for refusing a mandation to work overtime hours unless such mandation occurs in unforeseen or unusual circumstances beyond the control of the Employer, including unexpected absences discovered within three and one-half (3.5) hours prior to the beginning of the shift. The elimination of mandatory overtime as a norm in state facility operations shall not compromise security in youth centers and prisons, or resident/veteran to staff ratios in DHS or DVA facilities.

Accordingly, no mandatory posts in DOC or DJJ shall be eliminated (including conversions from mandatory to "mandatory as needed") nor shall any staff ratios (other than a reduction based upon resident/veteran's acuity needs) in DHS or DVA facilities be reduced prior to notification and, upon request by the Union, a meeting between the parties concerning the reasons for the proposed changes.

Pursuant to paragraph one above, this MOU shall not otherwise alter overtime procedures, nor shall there be a diminution of the number of employees permitted to take days off on any shift at any facility.

In the event there is a material expansion of beds operated by a Department, the parties shall meet to discuss its impact on this Agreement and determine whether additional staff is needed.

The Employer shall provide to the Union the following most recent available information for each facility in DOC, DHS, DJJ, and DVA, on the 15th of each month:

2. number of residents
3. number of frontline staff

Shakman

Memorandum of Understanding

The State of Illinois is currently under monitoring of the federal court for compliance with the *Shakman* Consent Decrees. *Shakman v. Democratic Organization of Cook County, et al.*, Northern District of Illinois Case No. 69 C 2145.

On January 7, 2019, the *Shakman* court entered an order setting out both a reformed process for filling exempt positions and principles and commitments for filling all non-exempt positions. *Shakman*, Doc. No. 6154. Bargaining unit positions have job protections through the collective bargaining agreement, and are, therefore, covered by the court's principles and commitments for non-exempt positions.

The Court ordered the State to implement of the following relevant principles (excerpted from Doc. No. 6154):

- J. Electronic Application Process. CMS shall establish and implement an electronic application process that requires applicants to apply online for specific listed vacancies. The electronic application process that CMS creates shall include an automated screening mechanism to narrow the pool of applicants for interviews. The screening mechanism shall evaluate candidates based on the Minimum Qualifications of the positions and may also incorporate pre-established preferred qualifications.
- K. Uniform Processes Throughout State. The State of Illinois shall create and communicate to all Agencies a uniform documentation process for hiring and promotions to allow for adequate monitoring and review.

The implementation of the court order will result in a standardized, statewide online application process for all job-protected positions, including bargaining unit positions.

The State is obligated to implement the Court's order. The parties share a commitment to a more efficient and timely process. To that end, the parties agree as follows:

- Prior to implementation of a new system for bargaining unit positions, the Union shall review and provide input.
- All provisions of the collective bargaining agreement shall continue to apply, except as modified herein.
- CMS Bureau of Personnel will continue to assess and verify employee qualifications. The qualification review process will transition to a numerically ranked, automated assessment with a quality control analysis performed by the CMS Bureau of Personnel staff. For the purposes of determining if employees are qualified for positions in which they are seeking to exercise their contractual rights to filling of vacancies outlined in the collective bargaining agreement, the following numerical rankings will be treated as the corresponding grade and considered of equal value within each letter group:
 - Numerical ranking of 90-100 would be treated as an A grade
 - Numerical ranking of 80-89 would be treated as a B grade
 - Numerical ranking of 70-79 would be treated as a C grade
- Employees participating in the Upward Mobility Program will continue to be afforded their rights under that program.
- In consultation with the Union, the Employer will provide all employees with advance notice of implementation of the new system and shall develop training on the new application procedures and system. Upon request, employees shall receive training on the new system.

- A procedure shall be established to ensure that employees who do not have access to computers or who lack computer skills shall be given appropriate access and/or training.
- CMS will assess candidate qualifications in response to an express interest in a specific position being filled except that all agreements remain in effect regarding continuous posting and permanent bidding.
- The State will no longer be exhausting promotional registers prior to selecting “B” bidders (80-89) after all “A” bidders (90-100) have been exhausted.
- The appeal process currently in place shall remain in effect.
- There shall be electronic receipts for applications and the opportunity for the employee to print out his/her profile.
- For positions requiring tests administered by CMS Bureau of Personnel, employees will only be required to test once unless the job requirements change.
- All promotional grades on the system as of August 31, 2019, or submitted to CMS Examining and Counseling for grading, as of August 31, 2019, shall continue to be valid within the currently established timeframes. After August 31, 2019, promotional applications will only be accepted in response to a posting. Upon implementation of the new system, an employee applying for a position in which they are exercising their contractual rights shall indicate if they already have a promotional grade for the position.

In keeping with the desire to make hiring processes more efficient, CMS is committed to making the following additional improvements for the benefit of bargaining unit members:

- Semi-automatic promotions will no longer require application/grading/assessment by CMS.
- Employees will no longer be required to submit and receive a promotional grade to promote from a trainee position to the target title when the only remaining criteria to be qualified for the target title is the successful completion of the trainee program.
- CMS will convert all closed (Group B) titles to open (Group A) titles.

**ARTICLE XX, SECTION 3(k) PROCESS
MEMORANDUM OF UNDERSTANDING**

1. Effective July 1, 2010, State agencies providing notice to employees pursuant to Article XX, Section 3(b) of their rights under Article XX, Section 3(c)-(j), shall also provide notice of an employee's right to recall or transfer on layoff provided in Article XIX, Section 2, A(b), Section 2, B(b) and Section 2, C(b) and Article XX, Section 3(k) to impacted employees. Prior to July 1, 2010, the Union may raise the issue of notice in impact bargaining.
2. As soon as practicable after an agency notifies CMS it has completed its employee layoff meetings and CMS has had an opportunity to review and approve the agency's layoff plan and to verify that there are employees eligible for an Inter-agency Transfer on Layoff pursuant to Article XX, Section 3(k), but in no event later than 30 days prior to the effective date of the layoff, except in emergency situations as referenced in Article XX, Section 3(l), CMS shall instruct all agencies to submit a list of available, funded vacancies that the agencies intend to fill. The parties agree that if it is more than 30 days prior to the effective date of the layoff, it may not be practicable for CMS to instruct all agencies to submit a list of available, funded vacancies until all agencies processing a layoff have completed their layoff meetings and have had their layoffs reviewed and approved by CMS.
3. The parties recognize that there may be reasons beyond the control of the Employer, or other legitimate reasons, which cause the effective date of the layoff to be postponed. Should such circumstances arise, nothing herein shall prohibit the Employer from rescinding its instructions to all agencies as referenced in paragraph #2 above if those instructions are no longer practicable for operational need, provided however that once the Employer has established a new effective date, it shall comply with the provisions of paragraph #2, unless modified by the mutual agreement of the parties. It is further recognized that when the effective date has been postponed for reasons beyond the control of the Employer, the Employer may comply with paragraph #2 by instructing agencies as soon as practicable to submit a list of available funded vacancies that the agencies intend to fill.
4. Nothing in this agreement prohibits the parties from meeting and discussing ways to minimize the number of vacancies affected by paragraph #2, such as identifying a more limited pool of vacancies to be subject to paragraph.

SPECIAL GRIEVANCES

In accordance with the provisions of Article V, Section 4, the parties agree to the following procedures for the processing of grievances pertaining to matters of:

- 1) Discharge, Suspensions Pending Judicial Verdict, Demotion, Geographical Transfer, Salary Grade and Layoff.

Appeals of discharges, demotions, geographical transfers, salary grade and layoffs shall be filed as a written grievance at a special Step 3 meeting with the agency head or designee within fifteen (15) working days of becoming aware of such action. Except for grievances involving affirmative attendance and suspensions pending judicial verdict, which shall be heard by the Step 3 grievance committee, such Step 3 level meetings shall be held at the work location with the agency head or designee, except that past practice with respect to those agencies which hold such meetings at a different location shall continue. However, the parties may by mutual agreement conduct such meetings at an alternate sight or in an alternate manner on a case-by-case basis. The agency head or his/her designee shall respond in writing within ten (10) working days following such meeting, or within ten (10) working days from receipt of the grievance if no meeting is held. Such grievances shall be heard on a priority basis relative to other pending Step 3 grievances.

If the Step 3 decision is rejected, the appeal to Step 4 must be within ten (10) working days of the Step 3 decision or from when such decision was due. Such appeal shall be heard at the next pre-arbitration staff meeting after the grievance is received by the CMS Office of Employee and Labor Relations. Discharges and suspensions pending judicial verdict shall be served upon the employees with a copy to the Union.

- 2) Position Reclassifications

Within fifteen (15) working days after receiving notice of a position reclassification, the Union may file a grievance in accordance with the collective bargaining agreement at Step 4.

The parties agree during the term of this agreement that position reclassifications shall not be subject to arbitration. Pursuant to Personnel Rule 301.30 (c), the matter may be appealed to the Civil Service Commission within fifteen (15) days after receipt of the Employer's decision following the pre-arbitration meeting.

- 3) New Classifications

Disputes regarding the salary placement of new classifications pursuant to Article XXVI, Section 8, New Classifications, may be moved to arbitration by the Union after ninety (90) days from the date the Illinois State Labor Relations Board certifies the Union as the certified bargaining representative of the classification.

The parties agree to make every effort to schedule the dispute for an arbitration hearing within sixty (60) days of when it is advanced to arbitration. The parties agree that the arbitrator selected to hear the dispute will provide a written decision to the parties within two (2) weeks following conclusion of the arbitration hearing. Such decision need not contain the arbitrator's complete rationale, but may merely uphold or deny the grievance with the accompanying remedy, if applicable. A complete decision will be furnished to the parties within thirty (30) days of the close of the record. Briefs may be filed at the request of either party.

4) Schedule Changes

Schedule change disputes pursuant to Article XII, Section 19, Supplementary Agreements, may be moved to arbitration by either party after ninety (90) days from the first date of negotiations. Nothing herein shall prohibit the parties from mutually agreeing to advance to arbitration prior to the completion of ninety (90) days. The parties agree to make every effort to schedule the dispute for an arbitration hearing within sixty (60) days of when it is advanced to arbitration. The parties agree that the arbitrator selected to hear the dispute will provide a written decision to the parties within two (2) weeks following conclusion of the arbitration hearing. Such decision need not contain the arbitrator's complete rationale, but may merely uphold or deny the grievance with the accompanying remedy, if applicable. A complete decision will be furnished to the parties within thirty (30) days of the close of the record. Briefs may be filed at the request of either party.

5) Upward Mobility

The parties agree that grievances filed pertaining to Article XV, Section 8 shall be filed directly to the 3rd level with the agency that posted the vacancy.

6) Special Grievances Procedure

1. The parties agree that the procedures and ground rules contained in Section 4(c) shall be utilized in the resolution of grievances covered by this Memorandum of Understanding, except that the arbitrator shall provide a written decision to the parties within two (2) weeks following conclusion of the arbitration hearing. Such decision need not contain the arbitrator's complete rationale, but may merely uphold or deny the grievance with the accompanying remedy if applicable. A complete decision will be furnished to the parties within 30 days of the close of the hearing.
2. Arbitration hearings will be scheduled within thirty (30) days of the grievance being moved to arbitration by the Union pursuant to Step 4(b) following Step 4(a) of the grievance procedure. The parties shall make every effort to have the dispute heard at an arbitration hearing to be held within sixty (60) days following the Step 4(a) signoff.

3. The parties agree that briefs shall not be filed unless absolutely essential and then only with mutual consent of the parties. If briefs are filed, they shall be submitted within five (5) days following the arbitration hearing. The arbitrator shall then have two (2) weeks from the date the briefs are filed to render his/her decision.
4. If there are no pending discharge or suspension grievances, the parties agree to submit other disciplinary grievances or other mutually agreeable contract interpretation grievances to the arbitrator in order to utilize the scheduled days reserved for the parties by the panel of arbitration.

7) Individual Employee Grievance Filing

Pursuant to Section 6(b) of the Illinois Public Labor Relations Act effective July 1, 1984, the parties agree that an individual employee may file and settle a grievance at the appropriate initial step of the grievance procedure without the intervention of the Union.

The appropriate initial step of the grievance procedure will generally be Step 1, but in those situations wherein a grievance is appropriately initially presented at an advance step in the procedure, such as those matters contained in the Memorandum of Understanding referred to in Article V, Section 4, and under Article V, Section 7, the advanced step will be considered the appropriate initial step of the grievance procedure.

The Union will be notified of any conference between the employee and supervisor during which the grievance will be discussed. The Union will be afforded the opportunity to be present during any such conference. However, the employee may resolve the grievance without the Union's intervention.

No settlement or resolution entered into by the employee and supervisor without the Union's intervention will be inconsistent with the existing Collective Bargaining Agreement.

Time and place of such negotiations shall be by mutual arrangement of the parties, but both parties agree to facilitate such meetings in order to meet the time requirements in this Agreement. Agency negotiations shall include other matters as stated in the contract, such as areas for promotional bidding.

The parties may mutually agree to add or delete subjects for supplementary negotiations as the need arises.

Any supplemental that remains unsettled ninety (90) days from the first meeting shall be subject to negotiations between AFSCME Council 31 and Central Management Services. Nothing herein shall prohibit the parties from mutually agreeing to advance to arbitration prior to the completion of ninety (90) days. Upon a request to negotiate, the parties shall meet within fifteen (15) days to commence negotiations. In the event that negotiations remain unsettled thirty (30) days from the first meeting between CMS and AFSCME Council 31, either party may move the dispute to arbitration.

If, after good faith negotiations, impasse is reached, the Employer may implement reasonable changes if emergency situations so dictate. The outstanding issues shall be subject to arbitration pursuant to the Memorandum of Understanding on Special Grievances. In making a decision on each outstanding issue, the arbitrator shall take into consideration factors which are normally and traditionally taken into account through voluntary collective bargaining. The finding by an

*Forensic Scientist Trainees hired after the effective date of this agreement shall be informed of the discipline for which they are being hired and the length of the initial training period which is stipulated in the MOU dated April 19, 2011 between the Illinois State Police and AFSCME Council 31. Such employees shall remain in trainee status for a period not to exceed the designated initial training period, unless mutually agreed to extend such trainee period.

TRANSFER POLICY FOR RC-6 EMPLOYEES

An RC-6 employee who has at least eighteen (18) months seniority and desires to transfer to the same or lower position classification in the same classification series, an equal or lower position in a classification in which an employee was previously certified, or a position lower in the series in which an employee was previously certified, and for which he/she is qualified at a different work location (including employees desiring to transfer from the Correctional Officer series to the Youth Supervisor series, and vice versa) shall file a request for transfer form with the Agency Personnel Office. The Agency Personnel Office shall send copies of the transfer request form to the personnel liaison(s) responsible for handling personnel transactions for both the employee's current institution and the institution the employee indicates he/she wishes to transfer to. Such request for transfer will be effective twenty-four (24) months from the date received in the Agency Personnel Office.

The following parameters are agreed to between AFSCME Council 31, the Department of Corrections, and the Department of Central Management Services:

1. During each contract year, no more than 5% of the RC-6 employees in an institution may exercise this right.
2. When an employee transfers from an institution, no other employee in the same position classification will be allowed to transfer from that institution, unless operational needs permit, until the transferred employee's position is filled.

However, an employee's effective date of transfer shall be the date he/she otherwise would have been transferred and the position for which the employee was selected shall be held vacant until the employee is able to physically transfer.

3. An institution will not be required to fill more than 33 1/3% of the approved vacancies per contract year via employees transferring from one work location to another pursuant to this Agreement.

When vacancies are approved to be filled and a transfer agreement is on file, the first and second vacancies shall be filled by the institution's normal process consistent with Article XIX, Section 2. Prior to filling an approved vacancy through other means available, the third vacancy shall be filled by an eligible transferee consistent with Article XIX, Section 2. Such remaining vacancies shall be filled on a similar alternating basis until all remaining transfer requests of eligible employees have been honored. If vacancies remain, they shall be filled through the normal filling of vacancy process.

The placing of a Trainee who has satisfactorily completed the training requirements for a targeted position pursuant to Article XIX, Section 2-D does not increase an institution's headcount and will not count as either the filling of vacancy category or the transfer category.

4. An employee who has been suspended for more than thirty (30) days within the twenty-four (24) months immediately preceding the effective date of transfer shall not be

permitted to transfer. An employee who has been suspended for more than five (5) days within the twelve months immediately preceding the effective date of transfer shall not be permitted to transfer. An employee who has been suspended for five (5) days or less within the twelve months immediately preceding the effective date of transfer shall not be permitted to transfer unless six (6) months or more have elapsed between the date the last suspension was imposed and the effective date of transfer. Employees, who have been made whole as a result of a grievance resolution and who had been denied a transfer based on the subject of the grievance, shall be placed on the transfer list or be granted a transfer as if no discipline had occurred.

5. An employee who is on "furnish-proof" status shall not be eligible for transfer under this Agreement.
6. All transferred employees will be provided the regular orientation and/or regular refresher course in the new institutions.
7. An employee who exercises his/her right to transfer will not be eligible to transfer again for twenty-four (24) months from the effective date of the transfer, except that employees transferring between work locations within the same work county shall not be permitted to transfer for a period of thirty (30) months from the effective date of transfer.
8. Except during the initial staffing of a new institution, an employee transferring under the provisions of this Agreement, or transferring by other means, shall not be able to exercise his/her seniority for promotional purposes, a days off schedule and/or shift preference for a period of twelve (12) months from the effective date of the transfer.
9. The name of an employee who declines an offer to transfer under the terms of the Agreement shall be removed from the transfer request list. Such employees may resubmit a transfer request after six (6) months have elapsed from the date the transfer offer was declined.
10. The initial staffing of a new institution shall be done in accordance with the procedures outlined in #3 above except that 25% of the approved vacancies are required to be filled in this manner.

This Agreement shall be effective July 1, 2004 and shall remain in effect until June 30, 2008, unless either party gives notice of its desires to reopen negotiations on this Agreement 30 days prior to July 1, 2008. This Agreement shall remain in full force and effect during the period of such negotiations.

TRANSFER POLICY FOR RC-9 EMPLOYEES

RC-9 employees, except employees desiring transfer who have not completed their original six (6) month probationary period, desiring to transfer to the same or lower position classification in the employee's classification series in a different facility shall file a request for transfer form which shall be effective for one year with the Personnel Officer at the facility to which the employee desires to transfer.

The following parameters are agreed to by AFSCME Council 31 and the Department of Human Services:

1. During each contract year, no more than 5% of RC-9 employees in a facility may exercise this right.
2. A facility will be required to fill no more than 50% of the vacancies per position classification in this manner pursuant to Article 19, Section 2, Filling of Vacancies.

When vacancies are to be filled and a transfer request is on file, the first vacancy is filled by the facility's normal process. The second vacancy is filled by an eligible transferee. Such remaining vacancies shall be filled on an alternating basis until all remaining transfer requests of eligible employees have been honored. If vacancies remain, they shall be filled through the normal filling of vacancy process.

3. Any employee who has been suspended within the preceding six (6) months of the transfer opportunity shall not be eligible for transfer under this agreement.
4. All transferred employees must successfully complete the regular orientation and/or regular refresher training program in the new facility if such training or orientation is made available to the employee. Any employee who fails to successfully complete such orientation and/or training within three months of transfer must return to his/her original facility in the employee's current classification. Such return shall be considered by the parties as a voluntary action. Employees thus impacted shall not be eligible for other transfer opportunities for 18 months from the date of the first transfer.
5. An employee who exercises his/her right to transfer will not be eligible to transfer again for 18 months from the effective date of the transfer.
6. Employees transferring under the provisions of this Memorandum of Understanding shall not be able to exercise their seniority for promotional purposes for a period of one year.
7. Transfer under the language shall apply to Article XIX, Section 2A(e), Filling of Vacancies.
8. The name of an employee who declines an offer to transfer under the terms of the agreement shall be removed from the transfer request list.

WELFARE AND WELFARE TO WORK PROGRAM - ALL UNITS

This agreement is made and entered into by and between the Illinois Department of Central Management Services, and all Departments, Boards and Commissions subject to the Illinois Personnel Code, ("Employer") and the American Federation of State, County and Municipal Employees - AFL-CIO ("Union"), on behalf of its affiliated locals and the employees in the collective bargaining units.

1. Welfare recipients and Welfare To Work participants will not displace or replace regular employees. For example, if there are ten Office Aides and five Welfare recipients and Welfare To Work participants, and two Office Aides retire, the Employer will not replace the two regular vacant positions with two additional Welfare recipients and Welfare To Work participants raising their number to seven. This policy, however, does not require the Employer to fill vacancies which they desire to keep vacant.
2. Bargaining unit work that constitutes the normal duties and responsibilities of regular employees on current payroll and will not be removed and reassigned to Welfare recipients and Welfare to Work participants. Welfare and Welfare to Work participants will be assigned work in a manner that will not jeopardize the job classification of the current employees.
3. Welfare and Welfare to Work assignments will in no way interfere with the contractual procedures for filling vacancies. The contractual procedures will be used for filling bargaining unit vacancies.
4. The Union will be notified when a State agency determines to use Welfare recipients and Welfare to Work participants.

The Union agrees not to appeal or grieve the Employer's initiation or continuation of programs consistent with this agreement and relevant laws.
